Judge's Booth Controller (JBC)

The JBC is the polling place control console that manages as many as 12 eSlate voting units. Using election data on a PC memory card called a Mobile Ballot Box (MBB), the JBC controls the ballot styles displayed on the eSlate, ensuring that every voter receives the correct ballot. Results can also be printed from the device.

Includes:

- 1 JBC 1000B*
- 1 PC card (MBB)
- 1 power cord
- 2 battery packs
- 1 serial connection cable
- 2 paper rolls
